

COAST SHIPS ARE TIED

Steadfastly Quit Work
Alaska to Mexico.

Offer of Compromise To
Down by Strikers.

Steamers Lie in Every
Waiting for Cargo

(BY A. P. MURPHY)

San Francisco, June 1.—The steady stream of coastwise steamers, which have been tied up since the Alaska coastwise strike, showed no indication of reaching a settlement which would permit them to resume their regular service.

The offer of compromise by the ship owners, which provided for a 10 percent increase in wages and a 10 percent reduction in the cost of living, was rejected by the strikers.

The strikers are now demanding a 20 percent increase in wages and a 20 percent reduction in the cost of living. They also demand that the ship owners should not employ any non-union men.

FRIDAY MORNING.

NO VERDICT IN PASTOR'S CASE.

Lack Unanimous Vote on Any of Five Charges Heard.

Another Ecclesiastical Court may Hold New Trial.

Church Followers of Mr. Rees Plan Demonstration.

The trial of elders of the Pentecostal Church of the Nazarenes, before charges against Rev. Beth C. Rees of "Christian conduct" were heard, found yesterday afternoon that it could reach no unanimous agreement.

On the general question as to whether the charges of "un-Christian conduct" had been sustained, the vote of the trial board was three for conviction and two for acquittal.

The results of the trial, including the votes on the various counts, were summarized last night in the report which will be submitted to the advisory board appointed by the district assembly for Southern California.

CHARGES STILL STAND. This means that the charges against Pastor Rees still stand. The plaintiffs have refused to accept the verdict of the trial board.

The trial board was divided 3-2 on each of the five charges. The charges were: 1. Un-Christian conduct; 2. Immoral conduct; 3. Immoral conduct; 4. Immoral conduct; 5. Immoral conduct.

The next meeting of the district assembly is set for June 31, at Pomona, and it would be possible to refer the matter to that body, but this is not likely to be done.

The interest of the University, for which the Nazarene University, located at Pasadena, and closely tied up with the local church, are such that it is highly probable the charges will be pressed forward to a special second hearing.

RESULT OF VOTING. The statement of the trial board made last night showed that on the specific charges the situation was as follows:

Charge one, regarding alleged immoral conduct of members of the University Church without trial, three for conviction and two for acquittal.

Charge two, regarding the Matthean case, regarding one for acquittal, four.

Charge three, regarding the affidavit secured from Mrs. E. J. Cornwall, and declared to reflect on the good name and Christian character of Rev. P. C. Epperson, for conviction, two; for acquittal, three.

Charge four, regarding alleged attacks upon members of the faculty of the Nazarene University, for conviction, three; for acquittal, two.

Charge five, alleging attacks upon the Nazarene University, for conviction, three; for acquittal, two.

Charges six and seven, which were practically a repetition of other charges, were eliminated before the hearing of witnesses was begun. No testimony was introduced on charges eight, alleging that Pastor Rees did not conform to the rules of the church manual.

CHURCH STANDS BY HIM. Pastor Rees and his congregation continue to maintain their position that the trial board had no jurisdiction. Under the method of government of the Pentecostal Church of the Nazarenes, neither the district assembly nor the general assembly has the right to separate the pastor from his congregation. The matter of engaging a minister and the length of his service lie entirely with the local church. He is employed from year to year, the appointment being made by vote of the congregation, although it is the custom to submit appointments for the approval of the district assembly.

The University Church, which came in a body to attend the proceedings in Los Angeles on the first day of the trial, and which supported its pastor with songs, shouts and prayers, has arranged for a big march and demonstration Saturday night.

The Pasadena Nazarenes, with Pastor Rees heading the line, will parade along the principal streets of the city. The march will be held at 8 o'clock, and will be a demonstration of the church's support of its pastor.

PASTOR ELATED. Pastor Rees was quite elated when he heard the results of the trial. In discussing the matter last night he said:

"I and my people feel that it is all that we could expect. I consider it a vindication. The more I think of the trial, the more I am convinced that we have accomplished our purpose. We have shown the world that we are a church of men and women, and that we are not a church of fanatics. We have shown the world that we are a church of peace and love, and that we are not a church of war and strife. We have shown the world that we are a church of truth and justice, and that we are not a church of lies and injustice. We have shown the world that we are a church of God, and that we are not a church of man."

TO DRILL RECRUITS WITH MACHINE GUN.

SEVENTH REGIMENT TO TEACH MONTREY MEN.

Rifle and Revolver Club Also Will Give Instructions in the Use of Arms to Those Enlisted for the Summer Business Men's Training Camp.

The staccato chatter of a machine gun will break the silence of the Glendale hills Sunday when the machine gun company of Seventh Infantry gives a demonstration for the benefit of the recruits of the Monterey business men's training camp.

After instruction in primary rifle firing in the morning, with members of the Los Angeles Rifle and Revolver Club as instructors, and club rifles and targets as the equipment, the Monterey men will be shown the latest machine gun, the Benet Maxim, at 1:30, Lieut. Booth in charge in the absence of Capt. F. C. Prescott, in command of the company.

The mechanism and handling of the gun will be explained, then a demonstration of firing with ball cartridges at various marks will be given, during which the gun will be turned loose at its maximum speed of 600 shots per minute.

The gun is of particular interest just now as it is the same gun used in the French service and so effective at Verdun and in the hands of the French aeroplanes gunners.

The first and third Sundays of June have been set apart by the clubmen for the instruction of those of the Monterey recruits who may be interested in learning the proper handling of the infantry rifle at the hands of experts and without the distracting influence of the many new things that will have to be learned at Monterey.

The club will furnish the rifles, instructors, targets and the range, and will furnish ammunition to the recruits at the government price of \$2.00 per 100. There will be no other expense attached.

The range will be open at 8 a.m. Sunday for the Monterey men, who will be divided into squads of ten men with one of two clubmen as instructor to each squad, each squad going on the firing line after receiving preliminary instruction in sight setting, aiming, the use of the sling, and loading the rifle.

At 1:30 the rifle firing will be discontinued for an hour while the machine gun takes the center of the stage. As the demonstration will be public those of the Monterey men who would like to see one of the machine guns in action and still don't care about rifle instruction are invited out at this hour.

CHARGED WITH FETTERY. James Shafer is another alleged straw bondsman. He was arrested yesterday morning by Constables Thomas and Hayes on a charge of having perjured himself in stating the value of his property to go on a bond for a friend held on a criminal charge. Shafer was arraigned before Justice Forbes, who fixed his bail at \$3500, in default of which he is held in the County Jail.

LIKE A GOOD FAIRY we come to the assistance of those whose sight is defective in any way. THE CLUB WILL FURNISH THE RIFLES, INSTRUCTORS, TARGETS AND THE RANGE, AND WILL FURNISH AMMUNITION TO THE RECRUITS AT THE GOVERNMENT PRICE OF \$2.00 PER 100. THERE WILL BE NO OTHER EXPENSE ATTACHED.

THE RANGE WILL BE OPEN AT 8 A.M. SUNDAY FOR THE MONTEREY MEN, WHO WILL BE DIVIDED INTO SQUADS OF TEN MEN WITH ONE OF TWO CLUBMEN AS INSTRUCTOR TO EACH SQUAD, EACH SQUAD GOING ON THE FIRING LINE AFTER RECEIVING PRELIMINARY INSTRUCTION IN SIGHT SETTING, AIMING, THE USE OF THE SLING, AND LOADING THE RIFLE.

AT 1:30 THE RIFLE FIRING WILL BE DISCONTINUED FOR AN HOUR WHILE THE MACHINE GUN TAKES THE CENTER OF THE STAGE. AS THE DEMONSTRATION WILL BE PUBLIC THOSE OF THE MONTEREY MEN WHO WOULD LIKE TO SEE ONE OF THE MACHINE GUNS IN ACTION AND STILL DON'T CARE ABOUT RIFLE INSTRUCTION ARE INVITED OUT AT THIS HOUR.

TERMS WITHIN THE REACH OF EVERYBODY

Pianos \$5 a mo. up Player Pianos \$7 a mo. up

Read the Following Carefully. It Means Money to You.

During the Panama-Pacific International Exposition Kohler & Chase's main store in San Francisco had hundreds of the finest pianos and player pianos rented to various buildings, officials, etc. Knowing that we would have to take them back after the Exposition closed, we naturally charged exceptionally high rental rates. We now offer the people of Los Angeles about a hundred of these magnificent pianos and player pianos, selected by the most critical judges, at a mere fraction of their real value—world-famous instruments for far less than you would ordinarily pay for unknown, inferior makes. The pianos and player pianos in this sale cannot be compared with the usual "used" pianos sold in the regular course of business by music houses. They are quality instruments in every respect and are not old instruments bought especially for "Used Piano Sales." Every instrument in this sale has been thoroughly gone over in our own shops by our own expert workmen and the Kohler & Chase guarantee stands back of each and every piano or player piano exactly the same as if they were brand new.

Do not overlook this money-saving opportunity—you will never again be able to duplicate it—you have but a short time to act. Come today or tomorrow.

AUTOPSY SHOWS
DEATH NATURAL

Body of Lester French Put
Under the Knife.

Alleged Fiances Told Nothing
of Proceedings.

Colorado-street Widening is
at a Standstill.

PARADISE, June 2.—Believing
that there might have been other
causes besides heart trouble for the
death of Lester R. French, the re-
tired Pasadena and Los Angeles
capitalist who died more than two
weeks ago at his Altadena home,
an autopsy was held yesterday over
the body of the deceased man at the
undertaking establishment of
Ives and Warren.

Sylvia Eichen, who claims she
was to have married the dead man,
was not informed of the proceedings
and not until last night did she
learn of the next move in this
strange case.

"They did not tell me anything,"
she exclaimed. "They do not take my
word, I'm glad they did not. The
verdict of this autopsy shows that
I spoke the truth when I main-
tained that Mr. French died of
natural causes."

The verdict handed out after the
autopsy was performed was that Mr.
French died of heart trouble.
This corroborates the certificate of
death signed by Coroner Hartwell
at the time of Mr. French's passing.
Miss Carrie French, a niece, in the
book-keeping department of the
Western Union Telegraph Company in
Los Angeles, has been appointed
temporary administrator. The body
will not be cremated until the ar-
rival here of W. D. French, a brother
of the deceased.

DRAWING SALARY
WITHOUT ORDERS.

LOCAL CORRESPONDENCE.
RIVERSIDE, June 1.—That the
city has been paying the salary of a
building inspector since last August
without any orders, and that E. M.
Gifford has been acting in that
capacity without any legal enact-
ment was the startling information
received at a meeting of the City
Council.

This anomalous situation is due to
the adoption of a new building or-
dinance nearly a year ago. This or-
dinance defined the duties of the
building inspector and provided for
a building ordinance adopted in 1928
which created the office. The new
ordinance failed to recreate the po-
sition.

To relieve the situation, the Coun-
cil immediately passed an ordinance
as an emergency measure, creating
the office and fixing the salary.

LOCAL CORRESPONDENCE.
EL CENTRO, June 1.—Morphine
and cocaine valued at \$1000 were
confiscated by United States cus-
toms inspectors in the arrest at Im-
perial today of P. B. Fuller and
J. H. Brock within a few minutes
after Fuller had accepted for the
parcel at the Wells Fargo Express
office. Both men are held at the
County Jail pending a hearing be-
fore the United States Commissioner
here on the charge of illegally hav-
ing the drug in their possession.

Frank Quale, inspector in charge
of the United States customs office
at Calexico, received notice of the
shipment of poisonous
drugs containing 138 bottles of mor-
phine sulphate and ninety-eight bot-
tles of cocaine chloride. The pack-
age was addressed to Joe Morino,
El Centro, Cal. It was found that
the package was sent to Imperial to
watch for Morino.

According to Capt. Harris, Fuller
accepted the express office as an
order signed by "Morino," which
is believed to be a fictitious name.
The package was sent to Imperial
to watch for Morino.

Some bad man.
D. L. Wilson, an alleged forger
brought to the County Jail from
Upland, is the real "tough guy." He
admits it, and the officers take his
word for it. Here is his record as
he voluntarily gave it to the au-
thorities:

Two years ago I shot and killed
a man in New Orleans, and six
years later stabbed another fatally
in New Orleans. I was sent to
prison for both. I have been in jail
for both. I have been in jail for
both. I have been in jail for both.

Wilson showed scars enough to
make a warrior turn green with
fear. He has several knife scars on
the forehead. Bullet marks show
on the forehead, left arm and right
shoulder and he sustained a frac-
tured left wrist and nose, most of
them in fights, he says.

This time he was sent to a check
for \$50 at Upland, on the strength of
a telegram from Georgia.

DIRECT CHARGE OF ANARCHISM.

Marshal, on Stand, Tells of Admission by Accused.

Stepdaughter of Red Proves Tattler as a Witness.

One-time Mob Leader Rejects Questions, Stamps Feet.

In the case against Ricardo Flores Magon and Enrique Flores Magon, charged with publishing in the editorial columns of Regeneration articles calculated to incite to murder and assassination, the government yesterday secured from a witness in Judge Trippett's court the statement that the Magons are anarchists. This was based on a remark made by Ricardo Magon himself.

The witness was United States Marshal Walton, who testified that at the time the Magons were arrested last January Enrique declared they were the owners and proprietors of Regeneration. "I am devoted to our propaganda," as Enrique is said to have put it. "What is your propaganda?" inquired the marshal.

"Anarchy," he says, Enrique replied.

"But are you not afraid that you will get into trouble?" asked the official. He testified the reply was:

"Yes, I know it will, but we have been in trouble all our lives."

The defense made a determined effort to keep this statement from the jury, but without success.

CRUISEMAN SILENT.

Another feature at the trial was the action of Assistant United States District Attorney Gallagher in putting Miss Lucile Norman, a stepdaughter of Ricardo Magon, on the stand, with a view to learning from her what the responsible editors of the sheet were. The young woman for some time absolutely refused to answer any of the questions put to her.

"I refuse to answer," she said petulantly, and on the advice of her counsel.

Mr. Gallagher followed with other questions to show that she knew what the editors of Regeneration were. "I will not answer," she said, stamping her foot impatiently.

Judge Trippett told the young woman she could be sent to jail if she refused to answer.

Then the verbal cannonading recommenced and after fifteen minutes, Miss Norman admitted she had seen Ricardo Magon writing in the office of the paper, and that she had read the editorials in Regeneration later on.

ONCE MORE CAPTAIN.

Miss Norman is the young woman who led a mob in an attack upon officers four years ago, when, according to her own story, she was a member of the "Pinkettes," a group of young women who were active in the attack upon the officers.

The greatest precaution regarding the admission of spectators into the courtroom, begun on Wednesday, was continued yesterday. Persons were searched for firearms by a corps of deputy marshals and city police. No weapons were discovered.

TELLS OF CAVALRY NEED IN SERVICE.

ARMY OFFICER LECTURES TO MONTEREY RECRUITS.

Horse Trained in Six Months, but Takes Two Years to Properly Prepare Man to Ride Him—Los Angeles may Outnumber State in Summer Military Camp.

"It takes six months to properly train a cavalry mount, and two years to turn the average recruit into a cavalryman," said Lieut. Kenyon A. Joyce, U.S.A., yesterday, at the fourth of a series of military lectures, luncheons held in the Broadway Department Store cafe, for the benefit of the Monterey encampment recruits.

"Not that the horses are the more intelligent," he continued, "but because the day when every man could ride and every tenth rider was a horseman has passed. It is a long hard task to turn out efficient cavalry troops, and cavalry is one of the most important branches of the service. The cavalry's limitations as yet make it useless for scouting purposes at night or in inclement weather, and cavalry is just as important today as it was fifty years ago."

The lieutenant then told how cavalrymen are trained in the United States Army, and the important part of the service. The cavalry's limitations as yet make it useless for scouting purposes at night or in inclement weather, and cavalry is just as important today as it was fifty years ago."

COUNCIL URGES TUNNEL BONDS.

Vote is Unanimous Also for Proposed Sewer Issue.

Municipal League Comes Out for Second-street Bore.

Prominent Business Men Tell Why it is a Necessity.

Formal endorsement of the Second-street tunnel bond issue of \$100,000 and the \$1,000,000 sewer bond issue was given by the City Council yesterday, in resolutions calling upon the voters of the city to vote yes on these propositions next Tuesday. The resolutions were signed by Chairman Topham and Councilman Brain of the Public Works Committee, and their adoption was by unanimous vote.

The Second-street tunnel project was also endorsed by the Executive Committee of the Municipal League yesterday, in a resolution which states the tunnel will do much towards relieving the congestion of traffic in the downtown section and will tend to stabilize the business district. Furthermore, the league resolution says, it is a sound principle that in any general public improvement a part of the cost should be borne by the city as a whole.

EVIDENT BENEFITS.

M. H. Newmark added his endorsement to the Second-street tunnel movement yesterday, in a statement saying:

"It has always seemed a mystery that the various efforts thus far made to open up Bunker Hill avenue have proved abortive, especially since we have to do with a commonly wide-awake citizenship, and one which has always been capable of great endeavors. Indeed, it has looked upon the various failures as due to misunderstanding, seeing that the benefits must be so absolutely self-evident that these failures to our city have often in an unmeasured sense resulted upon our palpable want of foresight, and have asked me why in the world the authorities do not open up the natural avenues of communication through the western hills."

"The City Council has now well and wisely invited the people of Los Angeles to vote bonds to the amount of \$1,100,000—assuming, and correctly, too, that it is worth that sum or more to the municipality—for the purpose of starting these indispensable improvements; and I congratulate our civic fathers no less for their patriotism than for their understanding."

"Having thus been offered the chance to help ourselves, who would presume to doubt the result? We are too sensible a people to hesitate at such a time, and I therefore look for a splendid majority in favor of the Second-street tunnel bonds."

"I, for one, shall work and vote for them."

CONGRESSIONAL PROBLEM.

W. F. Jantzen, president of the Jantzen-Railstock Company, also issued a statement favoring the tunnel bonds. Mr. Jantzen said:

"The matter of a bond issue for the construction of the Second-street tunnel is of vital interest to the residents of Los Angeles at this moment. Congestion of traffic, so marked on Broadway between Third and Seventh streets and the difficulty with which residents of the northwestern part of our city reach the shopping center, are features that should be well considered."

"To me it seems absolutely necessary that these bonds be carried, that these conditions may be overcome as well as to give employment to the many people necessary to finish this work. It is evident that the recent improvements that have been planned for the north end of Broadway have been based upon the confidence that the Second-street tunnel would soon be an established fact, and that the business people in the north end of Broadway, in addition to those farther south, would reap much benefit from this work."

"To anyone who has the least doubt as to the need of this improvement, it would suggest that he or she take the pains of walking south on Broadway from Third to Seventh streets any afternoon—more especially from 4 to 5 o'clock, observing the general congestion prevailing at this time. What these conditions will develop into after business again becomes normal is a serious question, and no voter should hesitate to vote for this improvement if he is at all interested in the future welfare of Los Angeles."

ALLEGED PREFERENCE.

An action was filed in the United States District Court yesterday by W. H. Moore, Jr., trustee in bankruptcy of the Ingram Auto Supply Company, against the El Centro National Bank, asking that a certain alleged preference claim be declared null and void. It appears that on December 15, 1915, the bankrupt corporation executed a note to the bank for the payment of \$3500, and it charged that on April 1, 1915, within four months of the bankruptcy of the concern, the money was paid to the bank, and that such payment under the provisions of the bankruptcy act is illegal.

BIG PORTAL INCREASE.

The receipts of the Los Angeles postoffice for May were \$122,771.19, as compared with \$119,167.91 for the same month last year, indicating an increase of \$3,603.28, or 3.4 per cent.

"The matter of a bond issue for the construction of the Second-street tunnel is of vital interest to the residents of Los Angeles at this moment. Congestion of traffic, so marked on Broadway between Third and Seventh streets and the difficulty with which residents of the northwestern part of our city reach the shopping center, are features that should be well considered."

"To me it seems absolutely necessary that these bonds be carried, that these conditions may be overcome as well as to give employment to the many people necessary to finish this work. It is evident that the recent improvements that have been planned for the north end of Broadway have been based upon the confidence that the Second-street tunnel would soon be an established fact, and that the business people in the north end of Broadway, in addition to those farther south, would reap much benefit from this work."

"To anyone who has the least doubt as to the need of this improvement, it would suggest that he or she take the pains of walking south on Broadway from Third to Seventh streets any afternoon—more especially from 4 to 5 o'clock, observing the general congestion prevailing at this time. What these conditions will develop into after business again becomes normal is a serious question, and no voter should hesitate to vote for this improvement if he is at all interested in the future welfare of Los Angeles."

ALLEGED PREFERENCE.

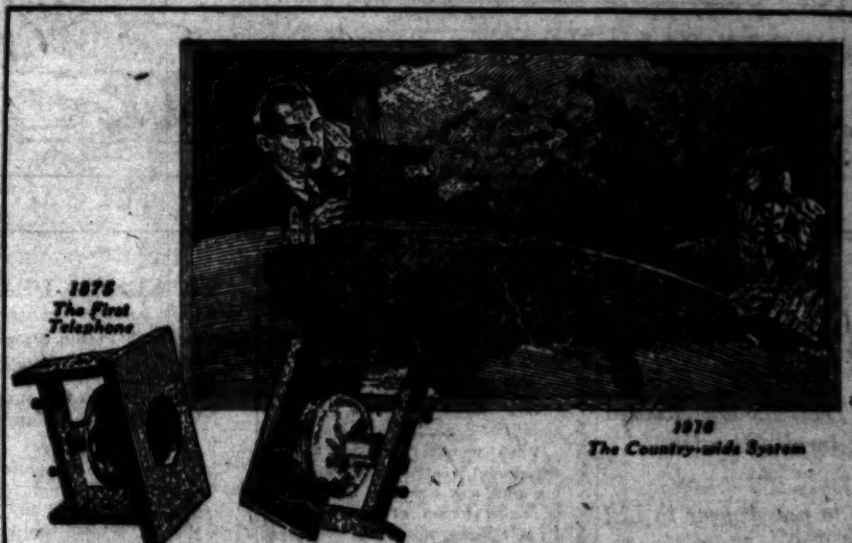

An action was filed in the United States District Court yesterday by W. H. Moore, Jr., trustee in bankruptcy of the Ingram Auto Supply Company, against the El Centro National Bank, asking that a certain alleged preference claim be declared null and void. It appears that on December 15, 1915, the bankrupt corporation executed a note to the bank for the payment of \$3500, and it charged that on April 1, 1915, within four months of the bankruptcy of the concern, the money was paid to the bank, and that such payment under the provisions of the bankruptcy act is illegal.

BIG PORTAL INCREASE.

The receipts of the Los Angeles postoffice for May were \$122,771.19, as compared with \$119,167.91 for the same month last year, indicating an increase of \$3,603.28, or 3.4 per cent.

Forty-one Years of Telephone Progress

The faint musical sound of a plucked string was electrically carried from one room to another and recognized on June 2, 1875. That sound was the birth-cry of the telephone.

The original instrument—the very first telephone in the world—is shown in the picture above.

From this now-historic instrument has been developed an art of profound importance in the world's civilization.

At this anniversary time the Bell System looks back on forty-one years of scientific achievement and economic progress, and gives this account of its stewardship:

It has provided a system of communication adequate to public needs and sufficiently in advance of existing conditions to meet all private demands or national emergencies.

It has made the telephone the most economical servant of the people for social and commercial intercourse.

It has organized an operating staff loyal to public interests and ideals; and by its policy of service it has won the appreciation and good will of the people.

With these things in mind, the Bell System looks forward with confidence to a future of greater opportunity and greater achievement.

FRIDAY MORNING.

SAY WATTS MEN. CONFESS ARSON.

Men Jail Another Pair as Suburban Firebugs.

Details of Crime are Bared in Statements.

Present and Former Mayor in Court; Bail Raised.

Two additional arrests were made today in connection with the alleged destruction of the property of the Watts company in February of last year. John Hayes, former foreman of the company's yard, whose name was mentioned when Mayor H. L. Lange and former Mayor H. T. Harte were taken in Wednesday by Deputy Sheriff Fox and Nolan, was found to have been home yesterday morning.

John Hayes, a book-keeper, was taken into custody at the fourth arrest.

These two are said to have made statements involving the fire, and the setting of the fire, was started for the purpose of collecting insurance, according to District Attorney Keyes and Sheriff Kestich, who represented the insurance company.

Business: Money, Stocks and Bonds—Trade—Local Produce Market—Citrus Markets

HIGHER LEVEL REACHED IN WALL STREET TRADING

Railroads Supply the Chief Incentive for Speculation, While War Shares, Steel and Oil are Also Much Sought—The Best Prices are Realized Around Closing Time—French and Japanese Bonds are Firmer.

NEW YORK, June 1.—Today's market was plainly disposed to move to higher levels, after a busy period of speculation, which was chiefly incentive, while war shares, steel and oil were also much sought. The best prices are realized around closing time. French and Japanese bonds are firmer.

Other coal shares strengthened in sympathy. Grangers and eastern lines were firm to strong, deriving strength from additional excellent statements of earnings, to which Baltimore and Ohio proved a striking exception. War shares, particularly bonds, were again favorably influenced by reports of increased production of munitions, and the price of the common and preferred of the United States Steel Company attracted attention.
